

Libraries have evolved to meet modern needs, serving as centers for information, collaboration, and community enrichment. We offer various shelving solutions, collaborative furniture, off-site archival storage, and more to enhance your library and provide a productive environment.

Compact Book Stacks

The most space-efficient and safest storage system, offering maximum capacity in minimal floor space with multiple safety features for public use.

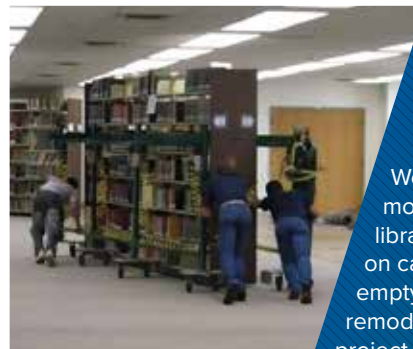

Library Book Shelving

We have all types of flexible and adjustable shelving solutions with options such as automatic aisle lighting, customized end panels, shelves on wheels, and much more.

Book Carousels

These ADA-compliant, rotating vertical carousels efficiently store and retrieve books and library materials with a simple button press.

Loaded Shelving Relocation

We offer relocation services for moving rows of fully-loaded library shelves, including shelving on carpet, so you don't need to empty them during your remodeling or floor covering project.

High Bay Shelving

Ideal for off-site book storage, automated high bay shelving maximizes vertical space and enhances accessibility while saving floor space.

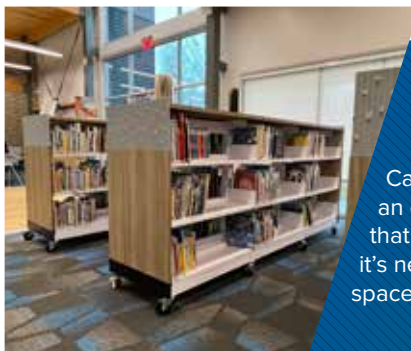

Periodical & Special Displays

These shelves will organize and display periodicals & other special items. Units are flexible and easy to reconfigure as your needs change.

Library Furniture

A wide variety of library furniture including carrels for study areas, atlas storage, tables, and custom furniture to fit your special library needs.

Library Shelves on Wheels

Cantilever shelving on wheels is an easy way to provide storage that can easily be moved where it's needed or to make more open space for other library activities.

Works on Paper

This library storage shelving is strong and flexible for storing oversized items. Shelving is easily adjustable, mobile ready, and flexible to store a variety of collections in less space.

Collaborative Furniture

Create dynamic, collaborative spaces with versatile furniture easily configured for group or individual use, enhancing library visits.

Art Racks

Sliding art racks safely store and protect hanging and framed paintings off the floor, maximizing storage capacity with various mounting options available.

Smart Lockers

Allow 24/7 access for patrons to pick up library books and materials at on-site smart lockers. These integrate with your current library software systems.
